# Bridge Communications session quote

## **Bridge Communications specializes in the development and facilitation of fun, state-of-the-art ASL-English workshops.**

Interpreters and organizations gain confidence and experience through programs designed to:

- Enhance ASL-English interpreting skills
- Improve language fluencies
- Augment cultural competencies

**Think, laugh, and learn** while trying new and better ways of practicing your craft!

### **For interpreters**

Through years of observation and experience, Bridge Communications has developed a seamless and interactive learning environment for ASL-English interpreters.

Unlike the typical interpreting workshop, which often includes a presenter lecturing endlessly, copious notes on PowerPoint handouts and little time for hands-on practice, Bridge Communications encourages hands-on experience and tools for practicing on your own.

#### **Workshops include:**

- **Interactive participation**— Lets you learn, support, and practice new ideas & skills
- **Bound workbooks**— Useful, research-based information that can be referenced again and again
- **Hands-on practice**— Reinforces discussion portions of the workshop by allowing you to implement what you're learning

Invest a few hours with Bridge communications and you, too, can take your ASL-English interpreting skills to the next level!

### **For organizations**

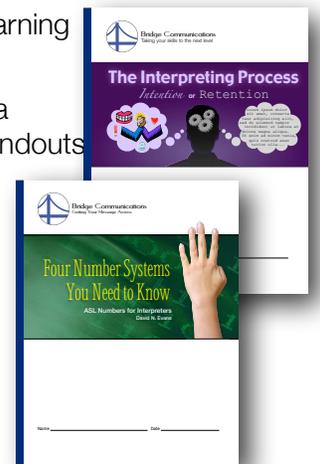

Bridge Communications provides the complete package when presenting courses for your organization, meeting RID's CMP/ACET requirements.

#### **Workshops include:**

- **Paperwork**— All course-related paperwork prepared for you from CMP Instructor and Sponsor forms to detailed evaluation forms
- **Marketing**— Advertisements, flyers, room signs, and other promotional materials prepared for you, including links to your organization on our website, Facebook company page, and Twitter feeds
- **Evaluation**— Detailed and specific RID-approved evaluation forms are created, tallied, and summarized for you in accordance with CMP guidelines
- **Interpreter preparation**— Extensive preparation materials provided for interpreters working the session

### **Rates**

Please contact us for a customized quote for your training session! David can be reached by email at [david@cofda.com](mailto:david@cofda.com), or by calling 612-293-8377. We look forward to hearing from you!

**Bound workbooks provide useful information as well as space for taking notes.**
